GUIDE TO USING STUDENT TRANSCRIPT

1. General Regulations

- Student transcripts are managed and preserved by the school. At the beginning of the school year, at the end of each semester, and at the end of the school year, they are handed over to the homeroom teacher to record information and then collected back after completion.

- The content on page 1 must be fully completed when establishing the transcript; the Principal signs and seals to confirm the learning process for each academic year from Grade 10 to Grade 12.

2. Subject Teachers

- Record the average subject score or the evaluation level of academic results for each subject per semester and for the whole academic year; provide comments on the student's progress, outstanding strengths, main limitations (if any).

- When making corrections (if any), use a red ink pen to strike through the old content, write the new content above and to the right of the old content's position, and sign to confirm the correction next to the corrected content.

3. Homeroom Teachers

- Receive and hand over student transcripts to the school office.

- Urge subject teachers to record the average subject score or the evaluation level of academic results for students in the transcript.

- Completely fill in all content on page 1, the content at the beginning of subsequent pages, and comment on the student's conduct and academic results for each academic year.

- Record the aggregated evaluation results; the re-evaluation level of subjects or additional conduct training during the summer break (if any); evaluate the completion level of tasks for students who need additional training during the summer break (if any).

- Clearly state whether the student is promoted to the next grade or not; completed or not completed the lower secondary education program; certificates (if any), results of participation in competitions (if any), commendations (if any).

- Record comments on the student's progress, outstanding strengths, main limitations, and notable expressions during the conduct and learning process; issues needing further attention and help during the conduct and learning process.

4. Principal

- Approve student transcripts at the end of the academic year.

- Inspect the management, preservation, and recording of transcripts.
